

INNOVENTURE 2K18

August 16, 2018

"Innoventure 2018", a platform for students with innovative ideas, was organized by KSKV Kachchh University as a partial fulfilment of SSIP i.e. Student Start-up Innovation Policy. It is an initiative of State Education Department, Government of Gujarat under the Prime Minister's "Make in India" movement. This event was mainly focused to provide help, appropriate guidance and to evaluate the innovative business ideas of students from various fields of study. Students of all colleges and departments within Kachchh were invited and around 54 entries with total 90 students and teams participated with their innovative ideas. A panel of experts from different field were invited to encourage, evaluate and guide them to turn their ideas into reality. The event consisted of two rounds where in 1st round students and their teams summarized their innovative ideas in 2 minutes time and in the 2nd round the selected teams presented their ideas and other practical aspects with the use of power point presentation. After the final appraisal, a total of 9 teams with the most innovative and useful ideas got selected for the further developments and implementation. These 9 student teams will be provided with mentors to guide them under the University SSIP cell.
